Attention Residents: Acres Lane (South End to Miner Street)

Reference: 2016 Capital Improvement Project – Street and Utility Improvements
2016 CONTRACT A
Water Main Shut Down

Date: August 30, 2016

Dear Resident:

A new water main is being installed on Acres Lane from Miner St to the south end of Acres Lane. As part of the project, a connection must be made to the existing water system. In order to make this connection, the water main system on Acres must be temporarily shut down. This also means that your water supply to your home will be interrupted.

THE WATER SHUT DOWN IS SCHEDULED FOR:

THURSDAY, SEPTEMBER 1, 2016

BETWEEN THE HOURS OF 9:00 AM AND 1:00 PM

The Contractor will be working diligently to make the connections as quickly as possible. As soon as the work is complete, the water main and your water service will be turned back on.

If you have questions or concerns about this project, please contact me at **(847) 391-5388 or bshipp@desplaines.org**. If I am not available, please contact Public Works at 847-391-5464.

Sincerely,

Becka Shipp, P.E.
Resident Engineer, City of Des Plaines
