Attention Residents: West Grant Drive (Northwest Pl to Southeast Pl)

Reference: 2016 Capital Improvement Project – Street and Utility Improvements
2016 CONTRACT A
Storm Sewer Installation – West Grant (Northwest to 300 ft South)

Date: June 3, 2016

Dear Resident:

The storm sewer work will begin on Monday, June 6. The contractor will be installing a new storm sewer line on West Grant from Northwest Place to approximately 300 feet to the south. It is anticipated this phase of work will take approximately 5 days.

The contractor will begin at Northwest Place and proceed to the south to approximately 896/897 West Grant Drive.

Note that all work is weather dependent and unknown utility conflicts may cause delays.

The storm sewer installation operation typically involves working on a small area at a time, excavating ahead of the pipe installation, installing the pipe, then backfilling the area. The contractor anticipates installing approximately 100 to 200 feet of pipe per day.

The street and your driveway may have limited access during working hours. Your street and driveway will be accessible after working hours. Working hours are from 7:00am to 6:00pm, Monday through Friday. Whenever possible, please try to limit your trips through the work zone during working hours.

The intersection at Northwest and West Grant may be closed to all traffic for long periods of time in order to construct the storm sewer, manholes and catch basins at this intersection.

Please do not park on the street during working hours.

Your patience and cooperation are greatly appreciated during construction.

If you have questions or concerns about this project, please contact me at **(847) 391-5388** or **bshipp@desplaines.org**. If I am not available, please leave a message and I will return your call as soon as possible.

Sincerely,

A handwritten signature in black ink, appearing to read 'Becka Shipp'.

Becka Shipp, P.E.
Resident Engineer, City of Des Plaines
