Reference: Algonquin Road Sanitary Sewer Diversion
2015 CONTRACT B
PROJECT TO RESUME MARCH 6

Date: February 28, 2017

Dear Resident:

The contractor is scheduled to resume the Sewer Diversion project on March 6, 2017. They may begin preliminary layout, utility locating, and other preparatory work at any time.

The sewer line will be augered to minimize surface disruption. However, work areas will be established at locations where new manholes will be installed. In order to complete the work, the following items may impact you:

- Each work area is approximately 30 feet by 80 feet, and may vary depending on equipment and materials needed. Temporary access will be maintained for driveways. Each work area will be utilized for approximately six to eight weeks.
- The water main may need to be temporarily shut down at various locations due to the work. Water shut downs will be scheduled in advance and affected residents will be notified accordingly.
- Several trees at each work area will need to be removed in order to allow for access and safe maneuvering of equipment. New replacement trees will be planted after the project is complete. More information will be available concerning replacement tree species at a later date.
- Street light poles at each work area will need to be temporarily removed. These will be reinstalled once the work is complete at each location.
- There will be street and intersection closures at various times and locations. More detailed information concerning work areas, street closures, detour routes and the project schedule will be distributed as the project progresses.

STARTING ON TUESDAY, MARCH 6, the intersection at Andrea Lane and Algonquin Road will be CLOSED TO ALL TRAFFIC. A detour route will be established using Jill Court and Leslie Lane to enter and exit the neighborhood.

The reverse side of this letter includes a location map of the project and general construction project information.

Please note this is a large scale project and there may be several inconveniences, including dust, noise, and temporary road blockages. Your patience and cooperation are greatly appreciated during construction.

If you have questions or concerns about this project, please contact me at **(847) 391-5388** or **bshipp@desplaines.org**. If I am not available, please leave a message and I will return your call as soon as possible.

Sincerely,

A handwritten signature in black ink, appearing to read 'Becka Shipp'.

GENERAL CONSTRUCTION PROJECT INFORMATION:

- Working hours are from 7:00 AM to 6:00 PM, Monday through Friday. Construction work on Saturdays is not typically scheduled but may occur if needed.
- **“NO PARKING”** signs will be posted along the construction route as necessary. Street and driveway access may be limited during working hours.
- Whenever possible, please try to limit your trips through the work zone during working hours.
- For your safety, please observe all construction signs and flag persons around the work areas.

Detailed project scheduling and information will be updated on a regular basis on the City’s website at: www.desplaines.org and click on the “Residents” tab, then under the “Getting Around” menu, click the “Construction & Traffic Updates” link.
