Attention Residents: Cora Street (Algonquin Road to Henry Avenue)

Reference: 2017 Capital Improvement Project – Street and Utility Improvements
2017 CONTRACT B
WATER MAIN SHUT DOWN 7/11/17

Date: July 10, 2017

Dear Resident:

Due to weather conditions, work that was scheduled for 7/10 is rescheduled for TUESDAY, JULY 11

A new water main was recently constructed on Campbell Ave. As part of the project, the contractor needs to make a connection to the existing water system at the intersection of Cora Street and Campbell Ave. In order to complete the work, the water main system on Cora Street between Algonquin Road and Henry Avenue must be temporarily shut down. This also means that your water supply to your home may be interrupted.

THE WATER SHUT DOWN IS SCHEDULED FOR:

TUESDAY, JULY 11, 2017

BETWEEN THE HOURS OF 9:00 AM AND 1:00 PM

The Contractor will be working diligently to make the connections as quickly as possible. As soon as the work is complete, the water main and your water service will be turned back on.

Please note that if your water remains on and unaffected during this time period, your home's water service line is not connected to this segment of water main and you may disregard this notice.

If you have questions or concerns about this project, please contact me at **(847) 391-5388** or **bshipp@desplaines.org**. If I am not available, please contact Public Works at 847-391-5464.

Sincerely,

A handwritten signature in black ink, appearing to read 'Becka Shipp'.

Becka Shipp, P.E.
Resident Engineer, City of Des Plaines
